## Why Choose the **Sheerline S1 Lantern Roof?**

**Looking to flood a space with elegant  
natural light and architectural flair?**

**Want thermal performance and slim  
aluminium detailing in one roof solution?**

### **Core Benefits**

- **U-Value.** Approx. 1.0–1.2 W/m<sup>2</sup>K (depending on glazing)
- **Slim 50 mm sightlines** for maximum glazing
- **Strong aluminium design** - durable and powder-coated
- **Secure, weather-tight build** with high-performance glazing
- **Low-maintenance** finish that retains looks without upkeep
